If there’s anything we can do
Super. It’s your money, and your future. You want someone who can help you grow it and protect it.

That’s what Rest does every day for around 1.7 million Australians, and around $60 billion* in retirement savings they’ve entrusted to us.

Our low cost super products are designed to keep pace with your changing life. And we’re proud of the recognition our products have received from financial publications and independent research houses^.

Our range of investment options means you choose how to invest your super. Or you can leave the investment decisions to us - and if you’re a new member to Rest we’ll automatically invest your money in our Core Strategy and you’ll be a MySuper member (see Section 5 for further details).

And when life doesn’t go to plan, our default insurance cover is there to lend a hand (subject to eligibility).

Rest is all about helping you achieve your personal best retirement outcome - and we’ll be right there with you every step of the way.

* as at 31 December 2019

^ Ratings, awards or investment returns are only one factor that you should consider when deciding how to invest your super. Past performance is not an indication of future performance. For more info, go to rest.com.au/awards
About super

Superannuation is money you save now for when you’re ready to kick back and relax in retirement. Super is partly compulsory, and there are limits to how much you can contribute each year.

There are different types of contributions Rest can receive on your behalf, like employer contributions, voluntary contributions and co-contributions.

There are also rules and limits about when you can take money out of your super, like when you reach a certain age or can’t work due to permanent disability, and how much you can withdraw. To find out more, including information on withdrawals from super, visit ato.gov.au/individuals/super

Choosing your fund

You can usually choose which super fund you’d like to be in. Sometimes, your conditions of employment will decide which fund.

If you don’t have a choice, or don’t tell your employer where you want your super to go, your Superannuation Guarantee contributions (the bit your employer must pay into super for you) will be paid into a MySuper product.

Making contributions

Super is a tax-effective way to save for your future thanks to government tax concessions. You can boost your super further by:

• contributing extra money from your before-tax salary. This is called ‘salary sacrifice’ and may even reduce your tax

• adding other savings (after-tax) into your Rest account - you may even be eligible for a government co-contribution if you do this.

Transferring low balances to ATO

If your balance is under $6,000 on 30 June or 31 December each year and you do not have insurance, your account balance will be transferred to the Australian Taxation Office (ATO) if there’s no activity on your account, such as a contribution or switching investment options over the past 16 months.

Super Tip #1

Find and combine your super

It just takes 3 steps and you may save on fees†

Combine your super in the Rest App today.

† Before combining your super you should check how it might affect your insurance in other funds and if they have any other fees. You might like to have a chat with a financial adviser.
03 | Benefits of investing with Rest Corporate

**Competitive long-term returns**
Our Core Strategy option has a long track record of delivering competitive investment returns*.

**Insurance cover**
Default insurance cover provides Death and Total and Permanent Disability (TPD) cover, for members aged 25 and over with an account balance of $6,000 or more, without the need for health evidence (conditions apply). Income protection is also provided if this has been arranged by your employer and if you meet the above conditions. Members can opt-in to Default Cover when eligible, or apply for cover with underwriting at any time.

**Low fees**
We aim to keep our fees as low as possible, so more money stays in your account.

**Diverse investment options**
A range of investment options including low-cost indexed, diversified and single-sector options means you can choose how you’d like your super invested.

**Advice when you need it**
The right advice# can help you feel more confident about your future. And help with your simple super questions doesn’t cost you anything extra.

**The Rest App and MemberAccess**
Access your account, check your balance, consolidate your accounts any time and much more.

**Live Chat**
Super help online 7 days a week at rest.com.au

---

**Super Tip #2**

**Take Rest with you**
If you change jobs down the track, you can stay in Rest Corporate. The amount your insurance covers you for will be fixed and your insurance costs will change.

---

* Based on SuperRatings Fund Crediting Rate Survey – SR 50 Balanced (60-76) Index, January 2020. Ratings, awards or investment returns are only one factor that you should consider when deciding how to invest your super. Past performance is not an indicator of future performance.

# Rest financial advice is provided by Rest Advisers as authorised representatives of Link Advice Pty Ltd ABN 36 105 811 836, AFSL 258145.
04 | Risks of super

Like all investments, super has risks. To balance risk, super funds generally invest in a broad range of asset classes such as cash, bonds, property and shares. Assets with the highest potential return over the long term (such as shares) may also be higher risk in the short term. How you invest your super depends on the level of risk you’re OK with. Different strategies may carry different levels of risk, depending on the assets that make up the strategy.

Some things to keep in mind

• The value of investment options can go up and down
• Future returns may differ from past returns
• Returns are not guaranteed, will vary, and you may lose some of your money
• Superannuation, social security and tax laws may change in the future
• The amount of your future superannuation savings (including contributions and returns) may not be enough to adequately provide for your retirement.

Other significant risks include currency fluctuations, interest rate changes, company specific risks, investment liquidity risks (turning investments into cash), and global market conditions.

The right level of risk for you will depend on factors such as your age, investment timeframes, where your other assets are invested and how comfortable you are with the possibility of any negative returns.

You should read the important information about the risks of super before making a decision. Go to the ‘Investment Guide’ available at rest.com.au/pds The material relating to the risks of super may change between the time when you read this Statement and the day when you acquire the product.
Choose from many different paths

Rest offers a range of investment options to suit your financial needs and objectives. You can even choose a combination of options to suit your personal level of risk and return. The Core Strategy is Rest’s default investment option. So if you’re a new member to Rest and you don’t make an investment choice or you actively choose to invest all your money in the Core Strategy you’ll be a MySuper member. You’ll also be a MySuper member if you’re transferring into Rest Corporate from Rest Super where you have been invested in the Core Strategy. If you are a new member to Rest and you choose not to put all your super into the Core Strategy or are transferring from another Rest superannuation product (other than Rest Super) into Rest Corporate, you’ll be a choice member.

Super Tip #3

Think about risks, returns and timeframes

Always consider the likely returns, risk and timeframe when choosing investment options. Use our online advice tool to help you make the right investment choices. Visit rest.com.au/advice to get started.

You should read the important information about how we invest your money before making a decision. Go to the ‘Investment Guide’ available at rest.com.au/pds. The material relating to how we invest your money may change between the time when you read this Statement and the day when you acquire the product.
Core Strategy

Rest Core Strategy is designed for Rest members looking for a balance between risk and return, with a wide asset allocation range.

**Aim**
Achieve a balance of risk and return by investing in both growth assets and defensive assets

**Investment return objective**
CPI + 3% pa over the long-term (rolling 10 year periods)

**Asset allocation**
35.5% defensive, 64.5% growth. A mix of shares and bonds, property, infrastructure, cash and other asset classes.

### Core Strategy – Asset allocation

- Cash 7% (0-25%)
- Bonds 6% (5-50%)
- Absolute Return 6% (0-25%)
- Other asset classes (Equity strategies, Private equity, Agricultural and Credit) 19% (0-30%)
- Infrastructure 11% (0-20%)
- Property 11% (0-25%)
- Australian Shares 17% (10-45%)
- Overseas Shares 23% (10-45%)

**Minimum suggested timeframe**
10+ years

**Standard Risk Measure**
Estimated number of negative annual returns expected over any 20 year period: 3-4

**Risk band and level**
Risk band 5, Medium to High

**What this option has returned**
(Past performance is not an indication of future performance)

<table>
<thead>
<tr>
<th>Year</th>
<th>Yearly return</th>

<td>5.96%</td>
</tr>
</tbody>
</table>

**Five year annualised return** 7.37%

**Ten year annualised return** 8.95%

The Core Strategy has an exposure to the Australian shares asset class which may include companies listed in Australia but are based overseas. In addition, up to 10% of this asset class may be invested in stocks listed on the New Zealand Stock Exchange.

---

1. This is what we use to determine asset allocation. It is also used to measure if the investment objective is met. It is not a guaranteed rate of return. Rest does not use the Return Target (shown in the MySuper Product Dashboard) to set the investment return objective.
2. The asset allocation will vary year to year within the ranges shown in brackets. This also means the allocation to defensive assets and growth assets will vary from time to time. We reserve the right to vary the asset allocations, including the benchmarks and ranges, of all or any of the investment options, introduce new options or close existing options without prior notice (where permitted by law).
3. More information about risk band and level and Standard Risk Measure can be found in the 'Investment Guide' available at rest.com.au/pds
4. Returns are quoted at 30 June each year after fees not directly charged to your account and taxes have been deducted. The returns stated are correct as at 30 June 2019.
**Consumer Advisory Warning**

**Did you know?**

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from $100,000 to $80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

**To find out more**

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (moneysmart.gov.au) has a superannuation fee calculator to help you check out different fee options.

---

**Fees and costs**

The tables on pages 10 and 11 show the main fees and costs for a Rest Corporate member wholly invested in the Core Strategy which are deducted directly from your account or from investment returns. You can use this information to compare the Core Strategy’s fees and costs with other super funds or products.

If your account balance is less than $6,000 at the end of the financial year, or when you leave Rest, the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of your account balance for the year (or the period until you left). Any amount charged above the cap will be refunded.

</tr>
</tbody>
</table>

The Administration fees for some employer plans can be negotiated by your employer with us. If different fees apply to your employer plan these will be included in ‘Your employer plan summary’.

¹ For information regarding the definitions of the fees and costs incorporated in the table above, please refer to the ‘Additional information on fees and costs’ at rest.com.au/pds. Past costs are not a reliable indicator of future costs.
### Fee changes

All fees and charges are current and may be revised or adjusted by Rest from time to time. We may also introduce new fees. Where there is material or significant increase in fees or charges, we will give you at least 30 days prior notice, as required by law. This excludes investment related fees which the Trustee reviews regularly. Go to the ‘Additional information on fees and costs’ at rest.com.au/pds for the estimated investment fees and costs for all the investment options offered by Rest.

### Example of annual fees and costs

This table gives an example of how fees and costs for the Core Strategy for this superannuation product can affect your superannuation investment over a one year period. You should use this table to compare this superannuation product with other superannuation products.

<table>
<thead>
<tr>
<th>Example - Core Strategy</th>
<th>Balance of $50,000</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Investment fees</strong></td>
<td>0.60% pa including a performance related fee of 0.09% pa</td>
</tr>
<tr>
<td><strong>PLUS</strong> Administration fees</td>
<td>$67.60 pa or $1.30 per week plus 0.1% pa of your account balance at the end of the month</td>
</tr>
<tr>
<td><strong>PLUS</strong> Indirect costs for the superannuation product</td>
<td>0.07% pa</td>
</tr>
</tbody>
</table>

**EQUALS** Cost of product

| **Cost of product** | If your balance was $50,000, then for that year you will be charged fees of $452.60 for the superannuation product |

Note – Additional fees may apply. And, if you leave the superannuation entity, you may also be charged other fees, and a buy/sell spread which also applies whenever you make a contribution, exit, rollover or investment switch. The buy/sell spread for exiting is 0%.

### Financial advice fees

There's usually no extra cost for simple advice and super questions - it's part of being a member of Rest. For more complex advice, you’ll be charged a fee which will depend on the topic and your circumstances. This fee may be able to be paid out of super. We’ll always talk to you about this fee first, and the Statement of Advice will set out the details of the fees.

You should read the important information about fees and costs before making a decision. Go to ‘Additional information on fees and costs’ available at rest.com.au/pds The material relating to fees and costs may change between the time when you read this Statement and the day when you acquire the product.
The tax treatment of super is complex and may change. We recommend you seek advice from an accountant, tax agent or financial adviser.

**Tax rules on your super**
- Rest will pay the tax applying to your account directly to the ATO
- Contributions into your super made from your before-tax salary are taxed at 15%
- Contributions made from after-tax money are not taxed by the fund
- Investment earnings are taxed at a maximum of 15%
- Withdrawals from your account may be taxed if you are aged less than 60
- Once you turn 60, you can withdraw your super tax-free.

If you go over the limit (cap) on your before or after-tax contributions to super, you will pay extra tax.

Your Tax File Number (TFN) is important. You should provide your TFN - without it we can’t accept any personal contributions from you. And we might not be able to track down any other super accounts you have. This could mean you miss out on money that belongs to you.

---

**Super Tip #5**

**Don’t pay more tax**

Check that we’ve got your TFN so you don’t pay a higher rate of tax on your contributions, and you’ll avoid any nasty tax surprises when it’s time to access your super.

For information about how tax applies to super contributions, investment earnings and withdrawals, and the limits around how much you can contribute to your super, go to [rest.com.au/facts](http://rest.com.au/facts)

---

**Insurance in your super**

**Protecting your most valuable asset. You.**

Life doesn’t always go to plan. Insurance is the smart way to protect yourself financially.

There are different ways you can receive insurance cover when you join Rest. You’ll be eligible for default insurance cover automatically if you meet certain requirements (see Commencement of Default Cover section for details).

If you don’t meet these requirements now, but you’d like to have insurance cover, you can opt-in to default insurance cover within 180 days of joining your employer (see Commencement of Default Cover below). Otherwise, you can apply for cover at any time but may need to provide health evidence.

The following information is a summary of insurance available, however it’s important to also read the ‘Rest Corporate Insurance Guide’ to understand your insurance in detail.

**What is Default Cover?**

Default cover comprises three types of insurance:
- **Death cover** provides a lump sum or if chosen, a pension in the event of
your death, and a lump sum in the event of your terminal illness.

- **Total and permanent disability (TPD)** cover provides a lump sum, or if chosen, a pension if you are totally and permanently disabled as a result of becoming sick or injured.

- **Income protection (IP)** cover pays you an income in the event you’re unable to work for a prolonged period due to sickness or injury.

**Default Death and Total and Permanent Disability cover**

This section relates to Rest’s default design, which may be different from the insurance design selected by your employer and is subject to your employer plan’s automatic acceptance level (see AAL section below).

The level of cover is 15% of your Salary* multiplied by your Future Service* to age 70. Your Future Service is the number of years and complete months to your 70th birthday, the age when your cover ceases in this design.

**Default Income Protection cover**

This section relates to Rest’s default design, which may be different from the design selected by your employer and is subject to your employer plan’s automatic acceptance limit (see AAL section below).

The maximum IP cover is equal to 87% of your Salary* and comprises a 75% income benefit and a 12% superannuation component.

In the event of a claim, the maximum benefit payable is the lesser of the following:

- 87% of your Pre-Disability Salary*,
- the amount you are insured for, or
- $30,000 per month

The Default IP benefit has a waiting period of 60 days and is payable to age 65.

**How do I know if I’m eligible?**

Your insurance cover is subject to you meeting eligibility requirements.

Different factors can affect your eligibility for insurance cover and include the date you first joined Rest Corporate, your age, account balance and how many hours per week you work. Casual employees are generally not eligible for insurance cover, except if they were a permanent employee or fixed term contractor working more than 15 hours per week when they joined Rest Corporate.

*These terms have special meaning in relation to your Rest Corporate insurance. Please refer to the ‘Rest Corporate Insurance Guide’ for a full definition.

---

**Commencement of Default Cover**

You are eligible for Default Cover automatically once you’re age 25 or over and have a balance of $6,000 or more. Once you meet these eligibility requirements, cover will commence automatically when we receive your next mandatory employer contributions.

If you’re a new member under age 25 or have an account balance of less than $6,000, you can opt-in to Default Cover within 180 days of commencing with your employer. You can do this online at [rest.com.au/memberaccess](http://rest.com.au/memberaccess).

If you are under age 25 when you opt-in, cover will commence when we receive your next mandatory employer contribution.

If you choose to opt-in to some Default Cover (but not all Default Cover), you will not receive any further automatic Default Cover when you become eligible. For example, if you opt-in to Death cover now, you won’t automatically receive TPD and IP (if applicable to your employer plan) cover when you are age 25 and over and have an account balance of $6,000 or more. You can still apply for cover at any time, but you will need to go through underwriting.

If you don’t choose to opt-in to insurance cover within the 180-day period, you will need to complete the full ‘Rest Corporate Insurance application form’, which sometimes requires a health check, if you apply for insurance later on.
It’s a good idea to check the ‘Rest Corporate Insurance Guide’ where these eligibility conditions are explained in full detail.

**How much cover do I get?**

The amount of Default cover you will receive will depend on the insurance benefit design chosen by your employer. The designs under ‘Default Death and Total and Permanent Disability cover’ and ‘Default Income Protection cover’ are the product defaults and will be provided unless your employer has specified another option. If your employer has specified another option, the designs applicable to your account will be included in ‘Your Employer Plan Summary’.

**Automatic Acceptance Limit (AAL)**

Your Employer Plan will have a limit on how much Default Cover will be provided to you. This is called the automatic acceptance limit. If your cover under your employer’s insurance benefit design is higher than the AAL, you will need to apply for additional cover if you want to receive the full cover available under your employer’s insurance benefit design. You may need to provide health evidence. The AAL applicable to your account will be included in ‘Your Employer Plan Summary’. See the ‘Increase your cover’ section in the ‘Rest Corporate Insurance Guide’ to find out how to apply.

**Changing your cover**

Every member’s insurance needs are different which is why we give you the option to tailor your Death, TPD and IP cover to suit your needs. You can increase, decrease or cancel all or any type of your insurance cover online in MemberAccess or you can call us on 1300 300 778. Please note that if you cancel your cover, you will not be able to obtain any insurance cover in the future without providing us health evidence and having your insurance application reviewed and accepted by our insurer.

**Cover changes that occur automatically**

Depending on your employer’s chosen plan design and their applicable AAL, your cover may vary from the amount you receive when your cover first starts. Most changes will occur when your salary changes (and we are notified by your employer of the change) or you reach your next birthday.

As an example, if your employer design is 3 x salary and your salary is $70,000 when your insurance commences, your cover for Death and TPD would be $210,000. If your employer lets us know you have had a pay increase to $75,000 your cover would increase to $225,000.

Regardless of how the amount of your cover changes, it will always be capped at your employer’s AAL, unless you have applied for any additional cover, in which case this would be capped at your Forward Underwriting Limit (this is the amount the insurer has agreed to cover you for without the need for further underwriting).

Whenever your cover changes, your insurance premiums will be recalculated to reflect your new level of cover. More information on insurance premiums and how insurance changes can be found in the ‘Rest Corporate Insurance Guide’.

**Special offer**

If you opt-in to Default Cover or receive Default Cover automatically, you can increase this cover without the need to provide health evidence by taking up the special offer. This is only available for a limited time when your Default Cover commences and is available for the Default Death and Total and Permanent Disability cover insurance benefit design. However, the special offer may not be available if your employer has chosen another design. Limits and conditions apply, for more information on this offer see the ‘Rest Corporate Insurance Guide’ or to check to see if you are eligible call us on 1300 300 778.

**Life event**

Our Life Event Cover means you may be able to increase your insurance cover when you experience significant life events, by just answering a few questions. For more details, refer to the ‘Rest Corporate Insurance Guide’.

**Paying for your insurance cover**

There are premiums associated with insurance cover. Your insurance premium varies depending on factors such as your age, gender, occupation and for IP cover, your salary and the waiting and benefit periods. It will also vary based on your employer’s Plan Rating Factor (PRF).
The premium for your insurance cover can be calculated using the insurance rates tables shown in the ‘Rest Corporate Insurance Guide’. The benefit design chosen by your employer will be shown in ‘Your Employer Plan Summary’ that will be sent to you shortly after you join Rest Corporate.

For example, for a male aged 40 working in a professional occupation with a PRF equal to 1.00, the weekly premium for $300,000 of Death and TPD cover is $4.79 (the weekly cost for death cover is $3.12 per week and $1.67 for TPD cover per week).

Insurance premiums will be deducted from your accounts balance each month. This means that unless you decline the Default Cover or cancel it, the cost of that cover will be deducted from your Rest Corporate account. It’s important to ensure you have enough money in your account to cover these premiums. If your account does not have sufficient funds to pay for your insurance, you will lose your cover.

**What happens when I leave my employer?**

Cover will continue in the Retained Category within Rest Corporate. Your Death and TPD cover will be rounded up to the nearest $1,000 and become fixed. Any IP cover you have will remain in place. The amount you are eligible to claim on your income protection cover for will be based on your Pre-Disability Salary. This is based on your income over the previous 12 months prior to the incident date for your claim. So, if you stop working for an extended period of time it is important to let us know as it could affect your ability to receive a benefit payment or the amount of benefit payment. You can see an example of how we calculate your cover based on the Pre-Disability Income under the ‘Income Protection cover’ section in the ‘Rest Corporate Insurance Guide’.

**Cooling off period**

You have a 14-day cooling off period, from when we tell you that your cover has started, to decide if you don’t want the insurance cover and we will refund any premiums charged to you within this time. After 14 days you can still cancel your cover however, the premiums will be charged until the date we receive your request.

You should read the important information about insurance, including the eligibility for, cancellation of, conditions and exclusions of insurance cover before making a decision. Go to the ‘Rest Corporate Insurance Guide’ available at rest.com.au/pds/corporate-insurance-guide and ‘Your Employer Plan Summary’ which is provided shortly after you join Rest Corporate. The material relating to insurance in your super may change between the time you read this Statement and the day when you acquire the product.
09 | How to open an account

1. Your employer will set up your account for you. We’ll send you a welcome pack with your member number. ‘Your Employer Plan Summary’ will be sent out shortly after your welcome pack.

2. Make sure you’ve read this PDS and other important information that forms part of this PDS.

3. Use your member number to keep tabs on your super 24/7 in the Rest App and online in MemberAccess.

4. Choose an investment option that suits you. If you don’t make a choice, and you’re a new member of Rest, your super will be invested in the Core Strategy. You can switch your investment option online in MemberAccess and in the Rest App.

5. We’ll send important info, like about your annual statement, to your email or mobile if we have those details. If you’d prefer mail, let us know.

6. Rest Corporate isn’t open to everyone - you need to be invited to join by a Rest Corporate employer. If you’re already a Rest member from a previous job, you can move your existing account to Rest Corporate at any time, if eligible.

If you change your mind
Even though as a member of Rest Corporate you do not have any cooling off rights, you can still rollover your super to another fund at any time.

Minimum account balance for partial rollover
You are required to leave a minimum balance of $6,000 in your Rest account if you roll out part of your super to another fund, make a withdrawal (if eligible) or transfer between Rest products.

Temporary residents
Any unclaimed super will be transferred to the ATO six months from the date your visa expired or you left Australia (whichever is later). You can claim your super directly from the ATO. We won’t send you an exit statement when we transfer your super, under relief from the Australian Securities and Investments Commission (ASIC).

Concerns and complaints
If you feel something’s gone wrong, please get in touch with us so we can try to sort things out. You can make a complaint by phone, email, letter or Live Chat. For more details, go to rest.com.au/complaint

If we don’t resolve your issue or you aren’t satisfied with our response, you can lodge a complaint with the Australian Financial Complaints Authority (AFCA), the independent external dispute resolution body online at afca.org.au

Your privacy
Your privacy is important to us. You can learn more about how we collect and look after your personal information, and who we share it with, in Rest’s Privacy Collection Statement available at rest.com.au/Privacy-Policy
