

Welcome to Rest

Rest Super

Rest has been looking after members' superannuation since we started in 1988.

Since then, we've grown to become one of Australia's largest industry superannuation funds. We're open to all Australians and currently have around 2 million members and more than \$79 billion in funds under management[^].

What do I do now?

Right now, just make sure that your employer has your current address, email address, date of birth and contact number, and they will register you with Rest so that they can pay your superannuation contributions.

Once this is completed we will send you a welcome pack and you can then:

- register for MemberAccess at **rest.com.au**
- download and read the Product disclosure Statement, Target Market Determination and Financial Services Guide
- check your details are correct.

If you're already a Rest member, simply give your employer your member number from your annual statement or call us on **1300 300 778** to obtain it. If you haven't already, register for MemberAccess at **rest.com.au**.

Combine your super and you could save

If you have worked for more than one employer, chances are you have more than one super account, which means you could be paying multiple sets of fees.

You can combine your other super accounts and transfer them into Rest at **supermatch.rest.com.au**.

Before combining your super, consider if Rest is right for you. Check out the fees and costs of your other fund plus any benefits that would be lost, such as insurance cover. Make sure your other fund knows about any contributions you intend to claim a tax deduction for, before combining with Rest. If you have any questions, speak to a licensed financial adviser or visit the ASIC MoneySmart website for more information.
